

**Pb**  
2025 JUNE  
25-27

CONSORTIUM FOR  
**BATTERY  
INNOVATION**

## **CBI FUTURE MARKETS WORKSHOP 25 JUNE 2025**

### **09:00 – 09:10 Opening remarks**

*Alistair Davidson, Executive Director, Consortium for Battery Innovation, United Kingdom*

### **09:10 – 09:40 Market outlook for the lead and lead batteries industry in key future markets- automotive low voltage and energy storage applications**

*Alistair Davidson, Executive Director, Consortium for Battery Innovation, United Kingdom*

### **09:40 – 10:10 Developing lead battery for future low voltage ev requirements**

*Christian Rosenkranz, Vice President Industry and Governmental Relations EMEA, Clarios EMEA, Germany*

### **10:10 – 10:40 Coffee break**

### **10:40 – 11:10 Energy storage applications-a success story for lead batteries**

*Carl Telford, Research & Innovation Director, Consortium for Battery Innovation, United Kingdom*

### **11:10 – 11:40 Future for lead battery technologies-how this will impact both design and key components such as lead alloys**

*Matt Raiford, Senior Technical Director, Consortium for Battery Innovation, United States*

### **11:40 – 12:30 Panel**

### **12:30 – 13:30 Lunch**
